

IN THE BEGINNING

Since the BEO began in 2009, ISIS Education has welcomed over 4000 students from more than 250 schools and 15 countries. Every year we look to develop the programme and expand the international mix of countries who participate. This year we would like to invite some of the best international schools from around the world to join the competition.

2009

Theme: Climate change

BEO is launched at ISIS Greenwich. 120 students from 10 schools attend. Winners – Colegio Argos, from Mexico City. Winning students then invited by the current Mexican President Enrique Peña Nieto to his state governor's residence in private awards ceremony upon their return to Mexico. Became a high profile event, covered by the Mexican media.

2010

Theme: Globalisation

BEO is run for a second year. 350 sts from 20 schools attend. Winning team – Liceo Ibeoramericano de Acapulco, Mexico. Volcanic ash cloud causes flight cancellations and ISIS successfully organise for the re-location of students to temporary emergency accommodation. High profile story covered by Mexican media.

2011

Theme: Sustainable Development

Into its third year, BEO takes place across three campuses. This Easter 600 sts from 45 schools and 7 countries participate, with the Instituto Jean Piaget del Rio crowned as the winners.

2012

Theme: Renewable Energy

BEO expands further to open a fourth centre for 2012. New nationalities participate.

2013

Theme: Social Media

Four new countries join for 2013: Armenia, Peru, Bulgaria and the Ukraine. 900 students participate from 70 schools

2014

Theme: Constructive Conflict Resolution

140 schools from around the world, with over 1500 students took part. The students came from 10 different countries – Brazil, Mexico, Russia, Colombia, Venezuela, Chile, Costa Rica, Ukraine, Peru and Armenia
